

## Ivy Doxley

### Project Director

Ivy Doxley serves as Public Consulting Group's (PCG) Project Director for the Missouri Childcare Monitoring and Compliance program with PCG and the Missouri Office of Childhood. Ms. Doxley joined PCG in November 2021 and brings over 17 years of child welfare experience and rich partnerships with child welfare stakeholders in Missouri and nationwide. For over five years, PCG has delivered in-person support and technical assistance to license-exempt childcare providers in every Missouri county to meet compliance with health, safety, and early childhood educational requirements. Ms. Doxley leads the Monitoring and Compliance program toward quality assurance and continuous quality improvement best practices; she collaborates with the Missouri Office of Childhood and other vital childcare stakeholders to strengthen the systems and services that impact the quantity and quality of license-exempt childcare providers in Missouri.

### Expertise

- Child welfare systems engagement and cross-collaboration
- Policy and program development, implementation, and evaluation
- Development of strategic federal and state plans and program improvement plans
- Organization and systems change management
- Implementation of Continuous Quality Improvement practices
- Engagement of consumers to strengthen policies, programs, and service delivery
- ADDIE-Training Design, Delivery & Evaluation

### Experience

Prior to joining PCG, Ms. Doxley served children, parents, foster and adoptive families, and child protection service staff for over 17 years in various roles through the Missouri Department of Social Services Children's Division. Ms. Doxley previously served as the Missouri Foster Care Program Manager, building strong strategic partnerships with national, state, and local partners to engage in systems improvement, and share resources and expertise to implement best practices, and deliver programs that promote the health, safety, and well-being of over 14,000 youth and former foster youth experiencing foster care in Missouri. Ms. Doxley was responsible for managing a portfolio of public/private partnership contracts with a total budget of approximately \$95 million, monitoring and evaluating outcomes, collaborating for continuous improvement, and directing resources toward programs that deliver value-added results and a positive impact for children, families, and Missouri communities.

### Certifications

- CDFT (Certified Diversity Facilitator) from NCCJ-St. Louis Education

### Education

Ms. Doxley earned a Master of Arts in Leadership from Lindenwood University in Saint Charles, Missouri; she also has a Bachelor of Science in Sociology, with a minor in Human Resource Management, from Missouri State University in Springfield, Missouri. Ms. Doxley graduated from the Missouri Governor's six-month Leadership Academy in Fall 2019.
